

### ME3103 Industry Design Module

The following is a summary of the level 3 design curriculum for ME students participating in NUS approved programmes.

**Applicable to students admitting in AY2014/2015 (poly intake AY2015/2016) onwards.**

Group	Semester 5	Semester 6	Semester 7	Semester 8
IA / SEP	IA <sup>3</sup>	ME3103 <sup>3</sup> (NUS or SEP)	ME3103 <sup>3</sup>	
	ME3103 <sup>4</sup> (NUS or SEP)	IA <sup>4</sup>	ME3103 <sup>4</sup>	
NOC	NOC	NOC	ME3103	
		NOC <sup>5</sup>	NOC <sup>5</sup>	ME3103 <sup>5</sup>

Notes:

- 1) Students who are taking design module in AY2016/2017 will have to take ME3103 instead of ME3101 and ME3102.
- 2) SEP & NOC students are **ALLOWED** to map ME3103 to modules offered by overseas partner universities. This will be done the same way as the mapping of the other modules.
- 3) Students who are intending to do IA in Semester 5 will read ME3103 in NUS or map during SEP in Semester 6. If no mapping can be done, students have to read ME3103 in Semester 7 together with FYP.
- 4) Students who are intending to do IA in Semester 6 will read ME3103 in NUS or map during SEP in Semester 5. If no mapping can be done, students have to read ME3103 in Semester 7 together with FYP.
- 5) Students are reminded that taking ME3103 in semester 8 coincides with the second half of FYP and the consequent workload will be rather high.
